Complete Building Renovation!

Caring Place Healthcare Group recently completed a multi-million dollar renovation of our building. Western Hills Retirement Village has been a part of the Delhi community since 1986, when the facility was built. We are a Continuum of Care Retirement Community (CCRC) offering 92 independent living apartments from studios, one and two-bedrooms; 110-bed skilled nursing facility and an Alzheimer's secure unit. The apartments all received new kitchenettes with granite counter-tops, oak cabinets and new flooring. The bathrooms were also upgraded with new fixtures and lighting.

In our skilled nursing area we now offer all private rooms for our rehabilitation patients. Each room has a private roll-in shower, five drawer dresser, nightstand, rocker chair and a 32 inch flat screen TV. We want families to be comfortable when they visit, so we designed the rooms to have a home-like feel.

One of the largest enhancements was the addition of a 700 square foot activity area to our Alzheimer's unit, Shelter Pointe. We've created a more appealing setting for individuals struggling with Alzheimer's/Dementia to maintain their highest level of physical and cognitive functioning.

When planning the new upscale design and decor, great consideration was given to our resident's comfort and enjoyment. From the beautiful dining room, the welcoming lobby, to the expansive activity room, we wanted to ensure our residents and their families would be proud to call Western Hills Retirement Village their home.
